

In subsection (c)(1) of this section, the former, qualifying word "current" is deleted as unnecessary since the word "license" implies a current, valid, unrevoked, and unsuspended license.

In subsection (c)(2) of this section, the defined term "provid{ing} electrical services" is substituted for the former reference to engaging in the "electrical construction business" to reflect the current State Board practice used to conform to terminology used throughout this title.

Also in subsection (c)(2) of this section, the word "qualified", which formerly modified the term "master electrician", is deleted in light of the reference to "an active State license".

In subsection (g)(4) of this section, the former references to a vacancy being filled by an appointment of the Governor are deleted as unnecessary in light of subsection (a) of this section and misleading in light of the requirement that the Senate, when in session, confirm an appointment made during a recess.

The second clause of the fourth sentence of former Art. 56, § 532(c), which required newly appointed members to be from a geographical area other than that represented by any remaining members, is deleted in light of the broader language of subsection (a)(5) of this section.

- Defined terms: "Consumer member" § 1-101

- "Master electrician" § 2-101 "Person" § 1-101
- "Provide electrical services" § 2-101
