COMMITTEE COMMENT: This section is new language derived from former Art. 56, § 537(b) and (c).

In the introductory language of subsection (a) of this section, the limitation "who is not on active status" is added for clarity.

In subsection (b)(1)(i) of this section, the reference to "comply with the examination requirements for a State license under § 2-304 of this subtitle" is substituted for the former reference to "reapply in the same manner as an applicant applies for an original license under this subtitle", to reflect the current interpretation of the State Board.

Defined terms: "Local license" § 2-101
"Master electrician" § 2-101
"State Board" § 2-101 "State license" § 2-101.
