COMMITTEE COMMENT: This section is new language derived from former Art. 56, § 539(b).

In subsection (a) of this section, the defined term "State license" is substituted for the former reference to "license of the licensee or the license of the contractor having a qualified agent", to clarify that this section and title apply to the licensure of the individual master electrician and not to the licensure of a person who engages in the business of providing electrical services.

Defined terms: "Provide electrical services" § 2-101  
"State Board" § 2-101 "State license" § 2-101
