

practice of the Board. The grace period of 30 days is expressly specified for the renewal of licenses and is applied in the same manner for the renewal of permits.

In subsection (a) of this section, the defined term "permit" is substituted for the former reference to a "certificate of authorization", to provide a term that describes the authority granted a partnership or corporation and is consistent with the language used to describe similar grants of authority in connection with other business occupations that are regulated under this article. See the General Revisor's Note to this article.

In subsection (c)(4) of this section, the phrase "on the form that the Board provides" is standard language added to conform to similar provisions elsewhere in this title.

The first sentence of former Art. 56, § 470(c)(2), which allowed renewal of a permit issued on or before June 30, 1975, without meeting the requirements for professional composition and designation of a corporate director as a responsible member, is deleted as unnecessary in light of § 10 of Ch. \_\_\_\_, Acts of 1989, which ensures that enactment of this article does not affect, e.g., permits. In any event, the Department indicates that all of the current permit holders comply with the general requirements for renewal.

As to the authority of the Board to set fees, see § 3-209 of this title.

Defined terms: "Board" § 3-101  
"Permit" § 3-101
