

REVISOR'S NOTE: Subsection (a) of this section is new language added to introduce the basic requirements for an applicant for a license.

Subsections (b), (c), and (e) of this section are new language derived without substantive change from the first sentence and, except for the reference to fees, the second sentence of former Art. 56, § 431(a) and the second and third sentences and, except for the reference to fees, the first sentence of § 432(a).

Subsection (d) of this section is new language derived without substantive change from former Art. 56, § 432A(b)(1).

In subsection (b)(1) of this section, the reference to a "required program of at least 1,200 hours of training" is substituted for the former phrase "not less than 1,200 hours of instruction", for clarity. In practice, a barber student completes a training program, not merely a certain number of hours of training, and a training program may consist of more than 1,200 hours of instruction. Similarly, in subsection (c) of this section, the phrase "at least" is added to indicate that the number of months of experience is a minimum number.

In subsection (b)(2) of this section, the word "cosmetologist" is substituted for the former term "beauty operator", to conform to changes in terminology made in Title 5 of this article.

In subsection (d) of this section, the former word "qualified" is deleted as misleading since the former statute set only the age qualification, and the Board does not anticipate any other qualifications.

Subsection (e) of this section is rephrased in standard language used throughout this article to describe the requirement of passing an examination before an applicant may be licensed.
