REVISOR'S NOTE: Subsections (a) and (b)(2), (3), (4)(i), (5), and (6) of this section are new language derived without substantive change from the second sentence of former Art. 56, § 438(b). They are rephrased in the standard language now used throughout the revised articles of the Code for provisions that allow or require waiver of examination requirements.

Subsection (b)(1) of this section is new language added for clarity.

Subsection (b)(4)(ii) of this section is new language added to provide for an applicant who has been self-employed. This addition addresses what seemed to have been a legislative oversight and conforms to the practice of the Board.

Subsection (b)(7) of this section is new language added to clarify that the waiver of the examination requirement for master barbers is dependent on the reciprocal waiver of general requirements under § 4-306 of this subtitle. This addition conforms to the practice of the Board.

In subsection (b)(2)(ii) of this section, the phrase "in ... any other state" is added to provide expressly that the Board may waive the examination requirements for a master barber on the basis of a license that, in turn, was acquired by waiver on the basis of licensure
