

In subsection (b)(1)(ii) and (iii) of this section, the requirements for an inspection before "open[ing] for business at a new location" or "continu[ing] business under a new owner" are substituted for the former requirement for an inspection "prior to its changing proprietorship or location" since the purpose of the inspection seemingly is to determine the effect of the change, and this purpose can be accomplished only after the change occurs.

In subsection (d)(1) and (2) of this section, the references to barber schools are added to conform to the practice of the Board to inspect barber schools in the same way that the Board inspects barbershops.

The fourth sentence of former Art. 56, § 429(d), which allowed the Board to assess fees for inspection, is deleted as unnecessary. The fees to which the former law referred are the fees charged for pre-opening inspections. In practice, the Board does not charge fees for sanitary inspections.

As to the fee for a pre-opening inspection, see § 4-503(a)(2)(ii) of this subtitle.
