

REVISOR'S NOTE: Subsections (a)(1) and (2)(i), (b)(1), and (c) of this section are new language derived without substantive change from former Art. 56, § 480(a), except as it related to using or maintaining places for practicing or teaching beauty culture. Standard language is used to state affirmatively that an individual must be licensed to practice a professional occupation in the State. See also §§ 5-601 and 5-602 of this title.

Subsection (a)(2)(ii) through (iv) of this section is new language added to state expressly that which only was implied in the former law -- i.e., an individual with a limited license may practice cosmetology in accordance with the license.

Subsection (a)(3) of this section is new language added to state expressly that a student or apprentice may practice cosmetology without a license in certain situations.

Subsection (b)(2) of this section is new language added to state expressly that which only was implied in the former law -- i.e., an individual with a license to teach a limited practice of cosmetology may teach in accordance with the license.

Subsection (b)(3) of this section is new language added to avoid any confusion caused by defining "apprentice" to mean an individual who "is learning", which suggests that the individual is being taught.

In subsections (a), (b), and (c) of this section, the defined terms "license" and "limited license" are substituted for the former reference to a "certificate of registration" to conform to changes in terminology made throughout this article. See the General Revisor's Note to this article.

The introductory language of former Art. 56, § 480, which required a license after August 1, 1935, is deleted as obsolete.

As to the referenced exceptions, see also § 5-102 of this title.
