

Subsection (b)(1) of this section is new language added to provide expressly that the application form for a beauty salon permit must provide space where an applicant may indicate that the application is being made for an owner-manager permit or for a limited practice beauty salon. This addition is implied from the references to the existence of an owner-manager permit or a permit for a limited practice beauty salon and the resulting need of the Board to know what type of beauty salon permit is to be issued. This addition also conforms to the practice of the Board.

In subsection (b)(2) of this section, the word "senior", which formerly modified the word "manager", is deleted since the Board issues only 1 type of manager license.

The fourth sentence of former Art. 56, § 480(c), which made the fee for an owner-manager certificate the same as the fee for an owner certificate, is deleted as encompassed in the fee requirement for a beauty salon permit.

Defined terms: "Beauty salon" § 5-101
 "Beauty salon permit" § 5-101 "Board" § 5-101
 "Person" § 1-101
