

(i) the unit of State government requesting the appropriation shall submit to the Departments of [State] BUDGET AND FISCAL Planning and General Services a detailed design program, which shall include all information required by the Departments; and

(ii) both the Secretary of [State] BUDGET AND FISCAL Planning and the Secretary of General Services must approve the detailed design program.

(e) Except with the approval of the Secretary of [State] BUDGET AND FISCAL Planning and the Secretary of General Services, no change may be made in any proposed capital project after the preliminary plan for that project has been completed and approved.

(f) (1) This subsection applies only to capital projects that involve construction of permanent or long-time duration.

(2) When the request for an appropriation for a capital project is submitted to the General Assembly, the unit of the State government that would receive the capital project or a State officer on behalf of the unit shall submit to the General Assembly:

(i) preliminary plans and outline specifications for the project that show the size, the type of construction, and the arrangement of each building; and

(ii) a statement on the sufficiency of the proposed appropriation to pay fully for the costs of that project.

(g) Total project funding may utilize alternative construction methods, such as:

(1) design/build which involves a single solicitation to design and build the facility; or

(2) "fast track" in which design and construction are implemented concurrently.

(h) A request for total project funding may be authorized jointly by the Secretaries of [State] BUDGET AND FISCAL Planning and General Services if:

(1) the planning, design, construction, and equipment funds for the project have been authorized and itemized in the bond bill or general construction loan; or

(2) the Secretaries make a determination, supported in writing and submitted to the Legislative Policy Committee of the General Assembly and the Board of Public Works, that:
