

Defined term: "Board" § 8-101

8-206. REGULATIONS.

IN ADDITION TO ANY POWERS SET FORTH ELSEWHERE, THE BOARD MAY ADOPT REGULATIONS TO CARRY OUT THIS TITLE.

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 56, § 524(9).

The introductory phrase of this section, "[i]n addition to any powers set forth elsewhere", is added to clarify that this power is not exhaustive.

The word "may" is substituted for the former words "which are necessary", since the Board makes at least the initial determination as to necessity. However, the Secretary has general supervisory responsibility over the exercise of powers, § 8-210 of this subtitle, but particularly over rulemaking. See Art. 41, §§ 1-202 and 8-104(b) of the Code.

The former limitation "not inconsistent with the laws of this State" is deleted as surplusage.

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 56, § 524(10).

In subsection (a) of this section, the phrase "by regulation" is added to conform to SG § 10-101(e). As to the rulemaking power of the Board, see § 8-206 of this subtitle.

Also in subsection (a) of this section, the word "calibration" is substituted for the former word "inspection" to state more clearly what the Board must
