

In subsection (b) of this section, the former reference to "additional examinations as the volume of applications makes appropriate" is deleted as unnecessary in light of the phrase "at least".

In subsection (d)(3) and (4) of this section, the references to the "written part" and "practical part" are substituted for the former reference to the "examination required under § 514" and the "examination", to clarify the scope of each part. Accordingly, the reference, in former Art. 56, § 515(b)(3), to "[t]heory" of masking methodology is included in subsection (d)(3)(v) of this section.

In subsection (e)(1) of this section, the phrase "at least" is added to clarify that the Board may change the examination more often if the Board so desires.

Former Art. 56, § 524(2) and (7), which required the Board to supervise and administer examinations but allowed it to appoint persons to conduct or supervise the examinations, and the reference, in former Art. 56, § 514(a), to examination before "such persons" as the Board designates are deleted as unnecessary since, with these deletions, nothing in this title purports to require the Board to administer examinations itself or to preclude the Board from delegating its responsibilities with regard to examinations.

Former Art. 56, § 514(c), which required licensure, without examination, for certain persons who were in practice before July 1, 1969, is transferred to the Session Laws. See the General Revisor's Note to this title.
