

The Business Occupations Article Review Committee notes, for consideration by the General Assembly, that there are no penalties provided for any of the prohibited acts listed in Subtitle 6 of this title. Since the absence of penalties may not have been deliberate and may make enforcement of the prohibitions impossible, the General Assembly may wish to add penalties for a violation of any of the prohibited acts.

Former Art. 56, § 275 set forth a "grandfather" provision that required the Board to waive the examination requirement for certain applicants practicing in this State and allowed the Board to waive the examination requirement for certain applicants licensed to practice landscape architecture in other states.

Former Art. 56, § 275(a) expressly applied only to applications made within 6 months after July 1, 1971, but former § 275(b) did not state an effective period. However, the Board has treated former § 275(b) as an extension of § 275(a) and applied both to applications made within 6 months after July 1, 1971.

Although former Art. 56, § 275 was transitory in effect and the intended purposes already have been served, the provisions of that former section have not been repealed. Rather, to avoid any possible argument that there is no authority to continue to license the individuals whose examinations were waived under former § 275, those provisions are transferred to the Session Laws.

Former Art. 56, § 281, which provided for the severability of the provisions of this title, is deleted as unnecessary in light of Art. 1, § 23 of the Code.
