-----  
May 25, 1989

The Honorable Thomas V. Mike Miller, Jr.  
President of the Senate  
State House  
Annapolis, Maryland 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have today vetoed Senate Bill 707.

This bill would establish a special grant program for community colleges offering licensure programs for health occupations found by the Secretary of Health and Mental Hygiene to be in short supply. Under the bill, a community college would receive a grant of \$1,500 for each graduate from these programs in excess of the number of graduates from the programs during the 1987-1988 academic year. Initially, nursing would be the only health occupation in short supply for purposes of the bill.
