

Subsection (b)(1) of this section is new language added to reflect the requirements of § 11-406(c) of this title, under which each license must be issued under the seal of the Board.

The introductory phrases of subsections (a) and (b) of this section, "[i]n addition to any [powers and duties] set forth elsewhere", are added to clarify that the enumerated powers and duties are not exhaustive.

In subsection (a) of this section, the former express restriction that the regulations not be contrary to the provisions of former Art. 74 is deleted as surplusage.

Also in subsection (a) of this section, the former words "as they may think proper" are deleted as unnecessary in light of the word "may". In any event, the Secretary has general supervisory responsibility over the exercise of powers, § 11-208 of this subtitle, but particularly over rulemaking. See Art. 41, §§ 1-202 and 8-104(b) of the Code.

In subsection (b) of this section, the former reference to responsibility "for the licensing and disciplining of pilots" is deleted as unnecessary in light of the detailed licensing and disciplinary provisions of Subtitle 4 of this title.

The Business Occupations Article Review Committee notes, for consideration by the General Assembly, that the language of subsection (a) of this section differs from the language of comparable provisions in other titles of this article, which provide authority to adopt regulations and pass orders "to carry out" the provisions of the particular title. However, since concern was raised that the standard language would narrow the regulatory power of the Board, the provisions of subsection (a) of this section reflect closely the language of the former law.
