

IF AN APPLICANT HAS TAUGHT LAND SURVEYING AS AN ASSOCIATE PROFESSOR, OR IN A HIGHER POSITION, IN A COLLEGE OR UNIVERSITY, THE BOARD MAY COUNT THE TEACHING EXPERIENCE AS WORK EXPERIENCE FOR PURPOSES OF THE EXPERIENCE REQUIREMENTS UNDER ANY SUBSECTION OF THIS SECTION.

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 56, § 335(g), (h), the first sentence of (b)(1), the first sentence of (2), and the first sentence of (3), and, as it related to land surveyors, the fourth sentence of (a).

In subsections (b)(1)(i) and (c)(1) of this section, the references to graduation from a "college or university" are added for clarity.

In subsections (b)(1)(ii) and (c)(2) of this section, the word "additional", which formerly modified the reference to experiences, is deleted as superfluous.

In subsection (c)(3)(i) of this section, the former reference to the examination as being "designed to show knowledge and skill equivalent to that obtained through graduation from an approved four scholastic year engineering curriculum" is deleted as unnecessary and misleading since the examination required under subsection (c)(3)(i) of this section is the same as that given to an applicant who has graduated from an approved curriculum.

In subsection (d)(2) of this section, in conformity with the advice of the Office of the Attorney General, the former phrase "without graduation" is deleted as erroneous because, under some circumstances, it would be appropriate to count the time allowed under subsection (d)(2) even if the applicant had been graduated. However, subsection (d)(2) of this section is revised to apply only to subsection (d), to avoid allowing an applicant to count the same time to meet both educational and experience requirements.

In subsection (e) of this section, the reference to a position in a "college or university" is added for clarity.

Defined terms: "Board" § 15-101
"License" § 15-101
"Practice land surveying" § 15-101

15-306. APPLICATIONS FOR LICENSES.

(A) IN GENERAL.
