

REVISOR'S NOTE: Subsection (a) of this section is new language derived without substantive change from the second clause of former Art. 56, § 463, as that clause related to the requirement that an individual be registered, and rephrased in standard language to state affirmatively that an individual must be licensed to practice architecture in the State. See also § 3-601 of this title.

Subsection (b) of this section is new language derived without substantive change from former Art. 56, § 469(4).

In subsections (a) and (b) of this section, the references to being "licensed" are substituted for the former references to being "registered", for consistency and conformity to changes in terminology made throughout this article. See the General Revisor's Note to this article.

In subsection (b)(2) of this section, the former requirement for licensure "promptly upon being commissioned" is deleted as unnecessary in light of the restriction "before the architect may practice architecture".

The provisions of the second clause of former Art. 56, § 463 that provided for persons to "be compelled to submit evidence that they are qualified to practice architecture" are deleted as unnecessary in light of the specific requirements of this subtitle.

Defined terms: "Architect" § 3-101
"Board" § 3-101 "Practice architecture" § 3-101

3-303. QUALIFICATIONS OF APPLICANTS.
