

Maryland, the board of trustees shall certify to the State Superintendent of Schools the rates to be used in determining the amounts that will become due and payable during the next year to each of the funds of this pension system together with a statement of the percentage of the payroll of all members, which is equivalent to the total amount. To this amount the State Superintendent of Schools shall add an amount equal to such percentage of the payroll of teachers who are members of local retirement funds in the cities and counties of the State who are excluded from membership in this pension system, not in excess of the percentage certified for this system, as such cities or counties may have contributed to their own retirement or pension system on account of their teachers as determined by an actuarial valuation. This amount shall be paid to such cities and counties. The amounts so ascertained shall be included by the State Superintendent of Schools in his budget estimate. This amount shall be included in the budget bill that is submitted to the General Assembly.

[(2)] (II) The State Superintendent of Schools shall certify the amount specified in [paragraph (a)(1) of this subsection] SUBPARAGRAPH (I) OF THIS PARAGRAPH to the State Comptroller. The Comptroller shall draw a warrant on the State Treasurer for the respective amounts due said cities or counties. On receipt of the warrant of the Comptroller, the State Treasurer immediately shall pay to said cities and counties the amounts due.
