

(1) Publish notice of the application once a week for 2 consecutive weeks in a newspaper of general circulation in the county where the site of the proposed project is located; and

(2) Give] GIVE notice of the application by certified mail to:

[(i)](1) The owners of all real property adjoining the site where the proposed project is located;

[(ii)](2) The chairman of the legislative body and any elected executive of the county where the proposed project site is located;

[(iii)](3) The elected executive of any municipal corporation where the proposed project site is located; and

[(iv)](4) Any other county within 1 mile of where the proposed project site is located.

[(b) The public notice shall:

(1) State that there is an application for a landfill system pending before the Department;

(2) Give the name and address of the applicant;

(3) Describe the location and boundaries of the proposed site;

(4) Identify where the application and any background and supporting information regarding the application is available for public inspection;

(5) State that on written request by those given notice under subsection (a)(2) of this section, the applicant will provide written notice of each phase of the Department's application review process;

(6) State that within 30 days after receiving notice of the permit application, those given notice in accordance with subsection (a)(2) of this section may request a public information meeting; and

(7) Explain that prior to the issuance of a permit to install, materially alter, or materially extend a landfill system, the Department will conduct a public hearing.

(c) (1) Within 30 days after receiving notice of the application for a permit to install, materially alter, or materially extend a landfill system, those notified under subsection (a)(2) of this section may request that the Department conduct a public information meeting.

(2) If the Department receives a request under paragraph (1) of this subsection, the Department shall:

(i) Conduct a public information meeting in the affected subdivision prior to completion by the Department of the Phase I review of the application; and

(ii) Notify the applicant for a permit and give the applicant the opportunity to present information at the public information meeting.
