[(b)](C) This section does not invalidate any license in any class which exceeds the maximum number of that class at the time of effective date of this provision, but when any licenses in excess of the number provided in this section expire by virtue of revocation, cessation of business, or nonrenewal, then a new license may not be issued to replace it.

[(c)](D) This section does not apply to licenses issued under the provisions of § 19(r)(2), § 19(r)(5), or § 25 of this article.

[(d)](E) (1) [In Prince George's County a] A license may not be granted to sell alcoholic beverages in any building located within 1,000 feet of a school building, or within 500 feet of a church. The 1,000 feet, or the 500 feet, as the case may be, is to be measured from the front door or main entrance, whichever is nearest the street abutting the premises, of the proposed licensed establishment along the nearest usual pedestrian route to the door closest to the licensed premises which is used as an entrance or exit to any school, or to the main entrance of the church building.

(2) This restriction does not apply in the case of a church if the governing body of the church concerned consents in writing to the granting of the license. The consent shall be filed with the application. The license of any person or persons or for the use of a corporation or unincorporated association issued for any building located within the requisite distance from a church or school building may be renewed or extended for the same building.
