

(13) Implement all programmatic, operational, and administrative components of the Institute.

(d) The Director may adopt rules and regulations that assure that helicopters transporting patients between hospitals or to or from specialty centers notify the systems communication center of the State emergency medical communications system.

(e) Each State agency and department shall cooperate with the Director in implementing the State emergency medical services system.

(f) The patient care service, which is the clinical component of the Institute, shall be governed by the Board of Directors of the Medical System Corporation as specified in Subtitle B of this title. Without limiting the generality of the foregoing, the Director of the Institute, with regard to the clinical component of the Institute shall:

(1) Report through the Medical System Corporation Chief Executive Officer to the Board of Directors;

(2) Provide a monthly report to the Board of Directors on the overall progress of programs;

(3) Render reports to appropriate committees of the Board of Directors; and

(4) Develop the budget and, after approval of the Medical System Corporation Chief Executive Officer, present the budget through the appropriate committees of the Board of Directors for approval by the Board of Directors.]
