The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
State House
Annapolis, Maryland 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have today vetoed Senate Bill 191.

Senate Bill 191 would require Dorchester County landowners, with certain exceptions, to give written notice of a land survey to all adjoining landowners. A landowner intending to perform a land survey would have to send notice by certified or registered mail, return receipt requested, or by personal delivery. If the return receipt was not returned within 10 days of its mailing, or the landowner was unable to make personal service, notice could be made by mail to the address listed in the real property assessment records, and by placing a notice in a conspicuous place within 25 feet of the adjoining land. In addition, if a plat is drawn based on the survey, the bill would require the landowner to provide a signed statement in an "owner's certificate" that the notice requirements have been met.
