REVISOR'S NOTE: This section is new language derived without substantive change from the first sentence of former Art. 64A, § 10(b), § 12K(2), the third sentence of § 15, and § 15A(j).

In the introductory language of subsection (a) of this section, the phrase "fiscal year" is added to conform to the reporting period specified in subsection (a)(6) of this section, which requires reports to cover a fiscal year.

In subsection (a)(1) of this section, the reference to the "activities" of the Secretary is substituted for the former reference to the "work and proceedings" of the Secretary, for brevity.

In subsection (a)(2) of this section, the more general reference to "State employment" is substituted for the former references to employees "in service of the State - classified and unclassified" for consistency.

In subsection (a)(4) of this section, the reference to "unit" is substituted for the former reference to "office, board, department, commission or institution", for brevity. See General Revisor's Note to this Division I.
