REVISOR'S NOTE: This section is new language derived from the third sentence of former Art. 64A, § 37(a)(3)(ii).

In the introductory clause of this section, the phrase "for personal illness or disability" is added for clarity. The State Personnel Article Review Committee notes, however, for consideration by the General Assembly, that the Committee is uncertain whether the certification requirement was also intended to apply to leave for family illness or disability.
