

REVISOR'S NOTE: Chapter _____, Acts of 1993, which enacted Division I of the State Personnel Article, also renumbered subsections (i) and (j) of this section and added a new subsection (i).

Paragraph (1) of subsection (i) of this section is new language added to state explicitly that positions at Morgan State University are generally in the classified service. The phrase "[e]xcept as provided ... otherwise by law" is intended to reflect other laws that may affect the status of various employees. See, e.g., Title 1, Subtitle 4 of the State Personnel Article.

Paragraph (2) of subsection (i) of this section is new language derived from former Art. 64A, § 3(14), as it provided unclassified status to the Vice President for Finance and Management and those librarians and registrars at Morgan State University whose positions were designated as holding faculty rank. It is revised to state expressly, in accordance with administrative understanding and practice, that all "officers, faculty, and professional staff" – rather than just the few positions specified in the former law – are in the unclassified service.
