EXPLANATION: Article 24, § 11-508 requires the county commissioners of certain counties to compensate persons whose sheep, poultry, or livestock is destroyed or damaged by dogs from a dog license fund. Although several counties have paid claims in recent years under this provision, staff recommends that this requirement be modified to authorize each county to adopt a local law or ordinance to address this issue. Since the provision would become discretionary, single county exceptions would be repealed. For consistency, Article 24, § 11-507 is modified to authorize each county to deposit dog license fees in a special account or in the county's general fund. This modification allows the repeal of single county provisions in § 11-507.
