BY amending

Montgomery County Code

Chapter 3A, Alarms

[Effective Date January 1, 1994 (Subject to specified exception)]

Bill No. 26-92

Chapter 15

Laws of Montgomery County, 1993

AN ACT to:

- (1) alter certain criteria to be used by the County when considering the grant of a franchise to an applicant proposing to overbuild an existing cable system;
- (2) require a franchisee to provide certain information on leased access channels;
- (3) [[eliminate the existing authorization for a franchisee to charge different rates in different parts of the franchise area;]] require a franchisee to have a uniform rate structure for its services throughout the franchise area;
- (4) prohibit certain exclusive agreements between a franchisee and a programming service or broadcast station [[that provide for exclusive programming distribution or refusal to deal with a competing multichannel service provider]] subject to certain exceptions; and
- (5) generally revise the County cable communications law.

BY amending

Montgomery County Code

Chapter 8A, Cable Communications

Sections 8A-9, 8A-11, and 8A-15
