

Also in subsection (a) of this section, the former references to "90 days before" the transfer are deleted to reflect long-standing administrative practice and to conform to §§ 23-202 and 23-207 of this article, which provide for membership in the Employees' Pension System and Teachers' Pension System, respectively, for transferees from the Employees' Retirement System and Teachers' Retirement System, respectively.

In subsection (a)(1) of this section, the references to an individual's membership in the "Employees' Retirement System" and "Teachers' Retirement System" are added to reflect the consolidation of provisions for the two State systems in this section. Correspondingly, in subsections (a)(2), (b)(2) and (4), and (c)(1) of this section, the references to the "system in which the individual" is a member or is transferring are substituted for the specific references to particular pension systems.

In subsection (b)(1) of this section, the former definitions of "accumulated contributions" are revised as a scope provision to avoid conflicting definitions.

In subsection (b)(3)(ii) of this section, the term "earnable compensation" is substituted for the former references to "normal rates of earnings" for clarity and consistency.

In subsections (b)(4) and (c)(1) and (2) of this section, the references to the "Board of Trustees" are added for clarity.

In subsection (b)(4) of this section, the reference to "regular interest" is added for clarity and to reflect the use of the defined term "member contribution" instead of the former defined term "accumulated contributions".

In subsection (c)(2) of this section, the reference to "regular interest" is added to conform to subsection (b)(4) of this section.
