

In subsection (a) of this section, the phrase "who is receiving a service retirement allowance" is added to conform to § 22-406 of this subtitle and to avoid the implication that a disability retirement allowance is involved.

Also in subsection (a) of this section, the reference to "the State retirement system appropriate for the position" is substituted for the former specific references to the two State systems to reflect the consolidation of separate, but similar, provisions.

In subsections (b) and (c) of this section, the references to the Board of Trustees are added to clarify who has the obligation to take the appropriate actions.

In subsection (b)(2) and (3) of this section, the reference to "creditable service and eligibility service" is substituted for the former references to "creditable service" and "service" for clarity and to reflect the applicability of both types of service credit to each of the several systems.

In subsection (b)(3) of this section, the former phrase "to the date of the member's later retirement" is deleted as implicit.
