

(2) "Judge" includes any member of the State Workers' Compensation Commission and any master in chancery or master in juvenile causes appointed on or before June 30, 1989, in any county by the circuit court for that county and who serves on a full-time basis as a master.

(i) "Termination of service" means the permanent cessation of active judicial service by a judge, and takes place when:

(1) The judge retires at the age of 70 years as required by Article IV, § 3, of the Constitution;

(3) The judge resigns because of disability before reaching the age of 60 years;

(4) The judge is retired by order of the Court of Appeals;

(5) The judge resigns at any time for any other reason, or without stating a reason;

(6) The judge served under an appointment which required later election or confirmation and was not elected or confirmed at or within the time provided for election or confirmation;

(7) The judge served a term which expired, and the judge was not reappointed; or

(8) The judge's office is abolished.

REVISOR'S NOTE: This section formerly was Art. 73B, § 9-101.

Former § 9-101 is not retained in the Code because, as it related to the noncontributory plan of the Judges' Retirement System, it is apparently obsolete because there are no active members of the noncontributory plan. However, it is transferred to the Session Laws to avoid any inadvertent substantive effect that its repeal might have.

The only changes are in style.
