

- (1) To add a new construction project meeting the definition of "major project" under Section 2-103.1 of the Transportation Article, which was never previously contained within a plan reviewed in a prior year by the General Assembly, and will result in the need to expend funds in the current budget year; or,
- (2) To change the scope of a project meeting the definition of "major project" under Section 2-103.1 of the Transportation Article, which will result in an increase of more than 10% or \$1.0 million, whichever is greater, in the total project cost as reviewed by the General Assembly during a prior session, the department shall prepare a report to notify the budget committees of the proposed changes. For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels and the total project cost estimate as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Notification of changes in scope shall be made to the General Assembly concurrent with the submission of the draft and final CTP. Notification of new construction project additions, as outlined in paragraph (1) above, shall be made to the General Assembly prior to the expenditure of construction funds.

Further provided that the Department of Transportation shall not modify the Consolidated Transportation Program, as reviewed by the General Assembly during the 1994 session, in order to add a major project, as defined under Section 2-103.1 of the Transportation Article, for facility or infrastructure improvements related to a new stadium facility until:
