

surveys are only to determine the site work costs for the proposed driver training facility. Approval of this portion of the project does not constitute approval to develop or design any additional components of a proposed Public Safety Training Center. No additional funds may be expended without notification to the budget committees of any planned use of funds or 45 days have elapsed from the date such notification is provided to the committees, provided that this authorization constitutes approval of the new Driver Training Facility at the Public Safety Training Center. Further provided that no funds may be expended for the site work and construction of the new Driver Training Facility until such time as the test borings, surveying and preliminary planning of the new Driver Training Facility site has been completed and the Department of Public Safety and Correctional Services has notified the budget committees of the construction and site work costs associated with the new Driver Training Facility and the committees have reviewed and commented upon the site work and construction costs or 45 days have elapsed from the date of such notification. Further provided that after such time as the above notification of the budget committees, authorization is granted to expend additional Law Enforcement and Correctional Training Fund receipts on the new Driver Training Facility by budget amendment.....
