REVISOR'S NOTE: This section is derived without substantive change from former Art. 48A, § 334.

In the introductory language of subsection (a) of this section, the former reference to a "domestic, foreign, or alien" society is deleted as superfluous because the general reference to a "society" encompasses all the specific types of societies.

Also in the introductory language of subsection (a) of this section, the former word "until" is deleted as redundant in view of the use of the word "unless".

In subsections (a)(1) and (c)(1) of this section, the former phrases "from time to time" are deleted as surplusage.

In subsection (a)(2) of this section, the former reference to "reasonable" regulations of the Commissioner is deleted as unnecessary in light of subsection (c)(1) of this section.

Also in subsection (a)(2) of this section, the former reference to "rules" is deleted as unnecessary in light of the reference to "regulations". See the General Revisor's Note to this article.

In subsection (b)(2) of this section, the former reference to the Commissioner's "opinion" is deleted as implicit in the authority to approve or disapprove forms.
