

4. There are significant increases in the cost of providing health care services; or

5. Costs in a particular health care specialty vary significantly from the health care cost annual adjustment goal established under subsection (f) of this section.

(ii) If the Commission determines that voluntary and cooperative efforts between the Commission and appropriate health care practitioners have been unsuccessful in bringing the appropriate health care practitioners into compliance with the health care cost goals of the Commission, the Commission may adjust the conversion modifier.

(2) If the Commission adjusts the conversion modifier under this subsection for a particular specialty group, a health care practitioner in that specialty group may not be reimbursed more than an amount equal to the amount determined according to the factors set forth in subsection (b)(3)(i) and (ii) of this section and the conversion modifier established by the Commission.

(e) (1) On an annual basis, the Commission shall publish:

(i) The total reimbursement for all health care services over a 12-month period;

(ii) The total reimbursement for each health care specialty over a 12-month period;

(iii) The total reimbursement for each code over a 12-month period; and

(iv) The annual rate of change in reimbursement for health services by health care specialties and by code.

(2) In addition to the information required under paragraph (1) of this subsection, the Commission may publish any other information that the Commission deems appropriate.

(f) The Commission may establish health care cost annual adjustment goals for the cost of health care services and may establish the total cost of health care services by code to be rendered by a specialty group of health care practitioners designated by the Commission during a 12-month period.

(g) In developing a health care cost annual adjustment goal under subsection (f) of this section, the Commission shall:

(1) Consult with appropriate health care practitioners, payors, the Maryland Hospital Association, the Health Services Cost Review Commission, the Department of Health and Mental Hygiene, and the Department of Economic and Employment Development; and

(2) Take into consideration:
