

(i) ~~Are being prepared or have been prepared in a formalized manner or are or have been produced by a computer, computer system, or computer network; and~~

(ii) ~~Are intended for use in a computer, computer system, or computer network.~~

(4) ~~“Computer network” means the interconnection of 1 or more computers through:~~

(i) ~~The use of satellite, microwave, line, or other communication media; and~~

(ii) ~~Terminals or a complex consisting of 2 or more interconnected computers whether or not the interconnection is continuously maintained.~~

(5) ~~“Computer program” means an ordered set of instructions or statements that may interact with related data that, when executed in a computer system, causes the computer to perform specified functions.~~

(6) ~~“Computer services” includes, but is not limited to, computer time, data processing, and storage functions.~~

(7) ~~“Computer software” means computer programs, instructions, procedures, or associated documentation that is concerned with the operation of a computer system.~~

(8) ~~“Computer system” means 1 or more connected or unconnected computers, peripheral devices, software, data, or programs.~~

(9) ~~“Access” means to instruct, communicate with, store data in, retrieve data from, or otherwise make use of equipment including, but not limited to, computers and other data processing equipment or resources connected therewith.~~

(b) ~~This section does not preclude the applicability of any other provision of this Code.~~

(c) (1) ~~A person may not intentionally, willfully, and without authorization access, attempt to access, or cause access to a computer, computer network, computer software, computer control language, computer system, computer services, computer data base, or any part of these systems or services.~~

(2) ~~A person may not intentionally, willfully, and without authorization access, attempt to access, or cause access to a computer, computer network, computer software, computer control language, computer system, computer services, computer data base, or any part of these systems or services to:~~

(i) ~~Cause the malfunction or interrupt the operation of a computer, computer network, computer software, computer control language, computer system, computer services, computer data base, or any part of these systems or services; or~~

(ii) ~~Alter, damage, or destroy data or a computer program stored, maintained, or produced by a computer, computer network, computer system, computer services, computer data base, or any part of these systems or services.~~
