made between a dentist and an "individual" listed in item (4) is substituted for the former reference to "person" for consistency.

In subsection (b)(12) of this section, the former reference to "the Commissioner's successors in office, and duly authorized deputies" is deleted as implicit in the reference to the "Commissioner".

Also in subsection (b)(12) of this section, the former references to the "true and lawful" attorney "of the dental plan organization in and for this State" are deleted as surplusage.

Also in subsection (b)(12) of this section, the former phrase "on whom lawful process in any legal action or proceeding against the dental plan organization on a cause of action arising in this State may be served" is deleted as implicit in the reference to service of process and for consistency with terminology used elsewhere in this article. See, e.g., § 4–107 of this article.

In subsection (b)(13) of this section, the phrase "by the dental plan organization" is added for clarity.
