

(ii) subject to paragraph (2) of this subsection, has at least 12 years of [work] experience in land surveying that is satisfactory to the Board and that indicates to the Board that the applicant may be competent to practice land surveying; and

(iii) has passed a written examination in the principles and practices of land surveying [given by the Board under this subtitle].

(2) For each 30 semester hours OR ITS EQUIVALENT that an applicant completes in [civil engineering or] land surveying courses that the Board approves [at a college or university, including a community college], the Board may allow a 1-year credit towards the experience requirements of paragraph (1)(ii) of this subsection for a maximum of 3 years.

[(f)] (E) (1) An applicant qualifies under this section if the applicant:

(i) is a high school graduate or the equivalent;

(ii) subject to paragraph (2) of this subsection, has at least [6] 4 years of [work] experience in land surveying that is satisfactory to the Board and that indicates to the Board that the applicant may be competent to practice land surveying;

(iii) [after having completed at least 6 years of work experience,] has passed a written examination in the fundamentals of land surveying;

(iv) [after having passed the written examination in the fundamentals of land surveying,] has completed at least 4 years of [work] experience in land surveying that is satisfactory to the Board and that indicates to the Board that the applicant may be competent to practice land surveying; and

(v) [after having met the other requirements,] has passed a written examination in the principles and practice of land surveying.

(2) For each 30 semester hours OR ITS EQUIVALENT that an applicant completes in [civil engineering or] land surveying courses that the Board approves [at a college or university, including a community college], the Board may allow a 1-year credit towards the experience requirements of paragraph (1)(ii) of this subsection for a maximum of 3 years.

[(g) If an applicant has taught land surveying as an associate professor, or in a higher position, in a college or university, including a community college, the Board may count the teaching experience as work experience for purposes of the experience requirements under any subsection of this section.]

15-318.

(a) Subject to the hearing provisions of § 15-320 of this subtitle, the Board, on the affirmative vote of a majority of its members then serving, may deny a license to any applicant, reprimand any licensee, or suspend or revoke a license if:
