

(g) (1) A solar-electric generating system used by an eligible customer-generator shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and Underwriters Laboratories.

(2) The Commission may adopt by regulation additional control and testing requirements for eligible customer-generators that the Commission determines are necessary to protect public safety and system reliability.

(3) An electric company may not require an eligible customer-generator whose solar-electric generating system meets the standards of paragraphs (1) and (2) of this subsection to:

- (i) install additional controls;
- (ii) perform or pay for additional tests; or
- (iii) purchase additional liability insurance.

SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect October 1, 1999.

Approved May 27, 1999.
