

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 27, § 337A.

In subsection (a) of this section, the defined term "correctional facility" is substituted for the former reference to a "correctional institution" for consistency with terminology used throughout this article. See General Revisor's Note to this article.

Also in subsection (a) of this section, the reference to an "individual" is substituted for the former references to a "person" because only human beings, and not the other types of entities included in the defined term "person", can engage in the types of activities that are listed in that subsection. See § 1-101 of this article for the definition of "person".

The introductory language to former Art. 27, § 337A(a) is deleted as unnecessary because the former definition of "correctional employee" is merged into subsection (a) of this section as part of the substantive provision.

Defined terms: "Correctional facility" § 1-101

"Inmate" § 1-101

"Local correctional facility" § 1-101

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 27, § 703A.
