

The Correctional Services Article Review Committee further notes, for consideration by the General Assembly, that this section authorizes the Division of Correction to adopt regulations that are applicable to each inmate who is employed in public work "under this subtitle". This language is technically broader than the language of former Art. 27, § 718, which authorized the Division of Correction to adopt regulations that were applicable to each inmate employed in public work under former Art. 27, §§ 711A through 726, because former Art. 27, § 681L and former Art. 88B, § 26 are also revised in this subtitle. See §§ 9-519 and 9-520 of this subtitle. No substantive change is intended. However, in light of the questions discussed above in this Revisor's Note regarding the meaning of this section, the General Assembly may wish to examine whether the reference to an inmate employed in public work "under this subtitle" reflects a substantive change, i.e., whether it allows the Division of Correction to award diminution credits to an inmate who engages in work under §§ 9-519 and 9-520 of this subtitle in addition to those diminution credits that may be awarded under §§ 3-704, 3-705, 3-707, 11-503, 11-504, 11-505, and 11-506 of this article.

Defined terms: "Division of Correction" § 1-101
 "Inmate" § 1-101

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 27, § 719.

In subsection (a) of this section, the reference to the "Baltimore City Detention Center" is substituted for the former reference to the "Baltimore City jail" to reflect the provisions of Ch. 59 of the Acts of 1991, which created the Baltimore City Detention Center.

In subsection (b) of this section, the former reference to "the State, county and city roads and streets" is deleted as included in the reference to the
