

Also in subsection (b) of this section, the reference to the defined term "public roads" is substituted for the former reference to "the county roads or ... the streets" for consistency within this subtitle. See § 9-501 of this subtitle for the definition of "public roads".

In subsection (d)(1) of this section, the reference to an "individual" is substituted for the former reference to a "person" because only a human being, and not the other types of entities included in the defined term "person", can be deputized by the Sheriff. See § 1-101 of this article for the definition of "person".

In subsection (e) of this section, the reference to the purpose of "guarding offenders employed in accordance with a court order issued under subsection (b) of this section" is substituted for the former reference to "this" purpose for clarity. Similarly, the reference to the "superintendent of streets [and] the district road supervisor" is substituted for the former reference to "said officials" for clarity.
