

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 27, § 645N.

In this section, the reference to an inmate's term "of confinement" is added for consistency throughout this article. See General Revisor's Note to this article.

The Correctional Services Article Review Committee notes, for consideration by the General Assembly, that the meaning of the reference in this section to the court's authority to allow diminution of "one-fourth of the inmate's term of confinement" is unclear. The Committee is uncertain as to whether this language: (1) establishes a maximum number of diminution credits that a court may allow an inmate (i.e., up to one-fourth of the inmate's term of confinement); or (2) establishes an "all or nothing" rule whereby a court is authorized to allow an inmate a fixed amount of diminution credits (i.e., one-fourth of the inmate's term of confinement) or none at all. The Committee further notes that it is unclear how this section relates to §§ 11-503 through 11-506 of this title, under which an inmate may be awarded various types of diminution credits. The General Assembly may wish to amend this section to clarify these issues.
