

Also in subsection (d)(5) of this section, the former reference to "obligatory" deductions is deleted as implied in the reference to deductions "specified in paragraph (2) of this subsection".

In subsection (e)(1) of this section, the references to an "individual" are substituted for the former references to a "person" or a "defendant" because only a human being, and not the other entities included in the defined term "person", can participate in a work program and for consistency within this subsection. See § 1-101 of this article for the definition of "person".

Also in subsection (e)(1) of this section, the defined term "court" is substituted for the former reference to a "judge" for clarity and consistency within this subtitle. See General Revisor's Note to this subtitle.

Also in subsection (e)(1) of this section, the former reference to an individual who is "fined or assessed court costs" is deleted as implied in the reference to "satisfy[ing] a fine or court costs".

Also in subsection (e)(1) of this section, the former reference to a work program established under the jurisdiction of "one of the offices of" the Division of Parole and Probation is deleted for accuracy. Currently, no such work program exists. If a work program is created in the future, it would be created under the "jurisdiction" of "the Division of Parole and Probation".
