(1) (1) A health maintenance organization shall:

(i) Classify an obstetrician/gynecologist as a primary care physician; or

(ii) If the obstetrician/gynecologist chooses not to be a primary care physician, permit a woman to receive gynecological care from an in-network obstetrician/gynecologist without requiring the woman to first visit a primary care provider, provided that:

1. The care is medically necessary, including, but not limited to, care that is routine;

2. Following each visit for gynecological care, the obstetrician/gynecologist communicates with the woman's primary care physician concerning any diagnosis or treatment rendered; and

3. The obstetrician/gynecologist confers with the primary care physician before performing any diagnostic procedure that is not routine gynecological care rendered during an annual visit.
