

COUNTY LOCAL LAWS

Effective Date April 10, 2001]

---

**Bill No. 57-2000**

AN ACT adopting revised methods for establishing the minimum requirements and procedures for controlling the impacts associated with increased stormwater runoff as a result of development; requiring a stormwater management plan to be approved prior to certain development; requiring the Design Manual to include certain design criteria for stormwater management; providing for certain inspections; requiring the Department of Public Works to perform certain maintenance of public stormwater management facilities; establishing penalties and appeal rights; providing for the effective date of this Act; defining certain terms; and generally relating to revised methods for establishing the minimum requirements and procedures for controlling the impacts associated with increased stormwater runoff as a result of development.

[Subtitle 9 of Title 18 of the Howard County Code – Repealed  
Sections 18.900 through 18.909 of the Howard County Code – Added

Effective Date March 7, 2001]

---

**Bill No. 59-2000**

AN ACT adopting the 2000 edition of the National Standard Plumbing Code Illustrated as the plumbing code for Howard County; adopting local amendments to the plumbing code; making conforming changes; and generally relating to the adoption of a plumbing code for Howard County.

[Subtitle 3 of Title 3, and Section 12.109 of the Howard County Code – Repealed  
Sections 3.300 through 3.309 of the Howard County Code – Added

Effective Date April 10, 2001]

---

**Bill No. 60-2000**

AN ACT establishing the conditions under which the Director of Public Works may restrict the use of the public water supply and deny water service to a user; providing for notice of a proposed denial of water service; authorizing certain charges for turning water service off and on; and generally relating to restrictions on the use of the public water supply.

[Section 18.106 of the Howard County Code – Amended

Effective Date March 7, 2001]
