Upon delivery of any bonds to the purchaser or purchasers, payment therefor shall be made to the Treasurer of Carroll County or such other official of Carroll County as may be designated to receive such payment in a resolution passed by the County before such delivery.

SECTION 4. AND BE IT FURTHER ENACTED, That the net proceeds of the sale of bonds shall be used and applied exclusively and solely for the acquisition, construction, improvement, or development of public facilities, including water and sewer projects, or loans to volunteer fire departments for the financing of fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County, for which the bonds are sold. If the amounts borrowed shall prove inadequate to finance the projects described in the resolution, the County may issue additional bonds with the limitations hereof for the purpose of evidencing the borrowing of additional funds for such financing, provided the resolution authorizing the sale of additional bonds shall so recite, but if the net proceeds of the sale of any issue of bonds exceed the amount needed to finance the projects described in the resolution, the excess funds so borrowed and not expended shall be applied to the payment of the next principal maturity of the bonds or to the redemption of any part of the bonds which have been made redeemable or to the purchase and cancellation of bonds, unless the County shall adopt a resolution allocating the excess funds to the acquisition, construction, improvement, or development of other public facilities, including water and sewer projects, or to the financing of other fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County as defined and within the limits set forth in this Act.

SECTION 5. The County may apply to the payment of the principal of and interest on any bonds issued hereunder any funds received by it as loan repayments from volunteer fire departments and any funds received by it from the State of Maryland, the United States of America, any agency or instrumentality thereof, or from any other source, if such funds are granted for the purpose of assisting the County in financing the acquisition, construction, improvement, or development of the public facilities defined in this Act, including the water and sewer projects or the aforementioned fire or emergency-related equipment, buildings, or other facilities for volunteer fire departments in the County, and, to the extent of any such funds received or receivable in any fiscal year, the taxes that are required to be levied may be reduced accordingly.
