

[(f)] (G) (1) "Practice engineering" means to provide any service or creative work the performance of which requires education, training, and experience in the application of:

(i) special knowledge of the mathematical, physical, and engineering sciences; and

(ii) the principles and methods of engineering analysis and design.

(2) In regard to a building or other structure, machine, equipment, process, works, system, project, or public or private utility, "practice engineering" includes:

(i) consultation;

(ii) design;

(iii) evaluation;

(iv) inspection of construction to ensure compliance with specifications and drawings;

(v) investigation;

(vi) planning; and

(vii) design coordination.

(3) "Practice engineering" does not include the exclusive and sole performance of nontechnical management activities.

[(g)] (H) "Professional engineer" means, unless the context requires otherwise, an engineer who is licensed by the Board to practice engineering.

[(h)] (I) (1) "Responsible charge" means direct control and personal supervision of engineering that requires initiative, professional skill, and independent judgment.

(2) "Responsible charge" includes responsible engineering teaching.

14-207.

(a) On request of any person and payment of a VERIFICATION fee [of \$10] SET BY THE BOARD, the Board shall certify the licensing status and qualifications of any individual who is the subject of the request.

(b) Each certification under this section:

(1) shall include a statement of the licensing status of the individual who is the subject of the request; and

(2) may include:

(i) information about the examination results and other qualifications of that individual;
