CHAPTER 472

(House Bill 1125)

AN ACT concerning

Private Passenger Motor Vehicle Insurance - Underwriting Standards - Statistical Validation

FOR the purpose of ~~expanding~~ clarifying a certain provision of law relating to underwriting standards for private passenger motor vehicle insurance; providing that underwriting standards that are reasonably related to an insurer’s economic and business purposes and do not require statistical validation include a conviction of the named insured or a covered driver under a private passenger motor vehicle insurance policy of a violation of certain prohibitions against driving or attempting to drive while under the influence of alcohol or alcohol per se, or while impaired by ~~alcohol~~, drugs, drugs and alcohol, or certain controlled dangerous substances; and generally relating to underwriting standards for private passenger motor vehicle insurance.
