

Subsection (a) of this section is rephrased in standard language to state affirmatively that a person must be licensed to engage in business as a manufacturer or dealer, to possess explosives other than explosives for use in firearms, or to possess or store explosives for use in firearms in the State.

In subsection (a) of this section, the defined term "explosives for use in firearms" is substituted for the former reference to "smokeless powder or black powder for use in firearms" for clarity and to use the defined term.

Also in subsection (a) of this section, the former reference to "a quantity ... in excess of those quantities set forth in subsection (a) of this section" is deleted. Except as provided in subsection (d) of this section, a person must obtain a license to possess or store explosives for use in firearms.

In subsection (d)(1) of this section, the former phrase "confined strictly for use" in firearms is deleted as redundant. Subsection (d)(1) of this section is limited solely to personal use of these explosives.

"Explosives" § 11-101

"Explosives for use in firearms" § 11-101
