REVISOR’S NOTE: This subsection is new language derived without substantive change from former Art. 41, § 10-801(j).

The word “includes” is substituted for the former word “means” because the definition of “person” in this subsection is not exhaustive but rather expands the definition of “person” in § 1-101 of this article.

The former reference to “any natural person, company, firm, cooperative, partnership, corporation, association, consortium, unincorporated organization, trust, estate, any entity organized for a common business purpose” is deleted as included in the article-wide definition of “person”. See § 1-101 of this article.
